## Discover MBIT

Madhuben and Bhanubhai Patel Institute of Technology is iconoclastic spirit of Charutar Vidya Mandal in many aspects. MBIT epitomizes the commitment of Charutar Vidya Mandal towards academia and society. As on the line of women empowerment, the institute professes to add to the technical quantum competent men and women engineers. As time progressed, CVM realized that real women empowerment lies in co-education because we need to give real exposure of industry to these women engineers. CVM took a giant leap in the direction of women empowerment by converting this college into co-education institution where women engineers can experience actual scenario of corporate world where they will be working with men in future. The committed staff of MBIT is aware of its responsibility to penetrate the conventional teaching-learning process and prepare a generation of young and competent engineers who can implement technical advances for the betterment of our society.
