

Event Report on

GUJCOST Sponsored Six Days Faculty Development Programme on “Blockchain and its Applications”

14th - 19th December, 2020

REGISTRATION DETAILS

There is **No registration fees** for participants and the event will be organized through **online mode**. **E-certificates** will be provided to the participants.

IMPORTANT DATES

Last Date for Registration:
10th December, 2020
Intimation through the E-mail:
12th December, 2020

WHO SHOULD ATTEND?

The target participants for this FDP will be Faculties from academic institutions, Industry Professionals, Research Scholars and PG/UG Students.

<https://bit.ly/2I7fOAL>

[SCAN ME]

IMPORTANT NOTE

Assessment test (Quiz) will be conducted based on the content covered in the session. Participants should score at least 40% in quiz. Participants will have to attend 80% session for E-certificate.

ORGANIZING COMMITTEE

CHIEF PATRON

Er. Bhikhubhai B. Patel
(Hon. Chairman, CVM)

PATRON

Shri Manishbhai Patel
(Hon. Vice President, CVM)

Dr. S. G. Patel

(Hon. Secretary, CVM)

Shri Mehulbhai Patel Shri B. P. Patel
(Hon. Jt. Secretary, CVM) (Hon. Jt. Secretary, CVM)
Shri R. C. Talati Shri V. H. Patel
(Hon. Jt. Secretary, CVM) (Hon. Jt. Secretary, CVM)

PRESIDENT & CONVENER

Prof. (Dr.) Archana S. Nanoty
(Principal, MBIT)

COORDINATOR

Prof. Nirav Raja
(Head, CE Department)
Prof. Pooja Bhatt
(Asst. Prof. CE Department)
Prof. Sunit Parmar
(Asst. Prof. CE Department)

ORGANIZING TEAM

Prof. Shital Gondaliya Prof. Ashwini Jha
Prof. Keyur Prajapati Prof. Ankita Chauhan
Prof. Chetan Chudasama Prof. Nirali Pandya
Prof. Jayna Donga Prof. Tushar Shah
Prof. Dipti Mathpal Prof. Atmiya Patel
Prof. Akash Dave Prof. Shyam Vitthalani
Prof. Shraddha Korvadiya

GUJCOST Sponsored Six Days Faculty Development Programme on

“Blockchain and its Applications”

14th - 19th December, 2020

Organized By
Department of Computer Engineering
Madhuben & Bhanubhai Patel Institute of Technology
(A Constituent College of CVM University)

Beyond Vithal Udhyog Nagar,
New Vallabh Vidyanagar, 388 121,
Gujarat, India.
Tel: +91-2692-230823
Website: www.mbit.edu.in

Organized By:-

Department of Computer Engineering

Madhuben&Bhanubhai Patel Institute of Technology

(A Constituent College of CVM University), New Vallabh Vidyanagar

PROGRAMME SCHEDULE

DAY - 1 (14 th December,2020)	
TIME	SESSION
10:00 AM - 10:30 AM	Inauguration
10:30 AM - 12:00 PM	Session - 1 Topic: Block chain Introduction
12:00 PM - 01:00 PM	Lunch Break
01:00 PM - 02:30 PM	Session - 2 Topic: Overview of Block chain Implementation

DAY - 2 (15 th December,2020)	
TIME	SESSION
10:30 AM - 12:00 PM	Session - 1 Topic: Architecture and types of Block chain Technology
12:00 PM - 01:00 PM	Lunch Break
01:00 PM - 02:30 PM	Session - 2 Topic: Block chain Platforms : Ethereum, Hyper ledger, IOTA, EOS, Multichain Big chain, Corda, Open chain, Solidity

PROGRAMME SCHEDULE

DAY - 3(16th December,2020)

TIME	SESSION
10:30 AM - 12:00 PM	Session - 1 Topics: Currency, Digital-Currency, Crypto-Currency and Road Ahead
12:00 PM - 01:00 PM	Lunch Break
01:00 PM - 02:30 PM	Session - 2 Topics: Hands-on Session on the creation of the smart contract, smart Contract with front end application with truffle.

DAY - 4(17th December,2020)

TIME	SESSION
10:30 AM - 12:00 PM	Session - 1 Topic: Security & Privacy Concern in Blockchain
12:00 PM - 01:00 PM	Lunch Break
01:00 PM - 02:30 PM	Session - 2 Topic: Hyperledger Fabric

DAY - 5(18th December,2020)

TIME	SESSION
10:30 AM - 12:00 PM	Session - 1 Topic: Blockchain Meets Bigdata
12:00 PM - 01:00 PM	Lunch Break
01:00 PM - 02:30 PM	Session - 2 Topic: Ethereum Network

DAY - 6(19th December,2020)

TIME	SESSION
10:30 AM - 12:00 PM	Session - 1 Topics: Application & Key Challenges in Blockchain
12:00 PM - 01:00 PM	Lunch Break
03:00 PM - 03:30 PM	Quiz
04:00 PM - 04:15 PM	Feedback and Valedictory Session

EXPERTS of FDP

Sr No.	Expert Details
1	Dr. Hiren B. Patel Principal, VidushSomany Institute of Technology and Research, Kadi
2	Mr. Nikhil Shah Director, Cilans Systems & Advisor, Vnurture Technologies
3	Dr. BelaShrimali Assistant Professor, LDRP-ITR, Gandhinagar
4	Dr. Padmaja Joshi Senior Director, CDAC, Mumbai
5	Mr. Raj Prajapati Developer, AKcesspvt Ltd, Vadodara
6	Dr. Avinash Sharma Professor & Former Principal, Maharishi Markandeshwar Engineering College, MullanaAmbala, (Haryana)
7	Prof. Martin Parmar Assistant Professor, CSPIT, U& PU. Patel Department of Computer Engineering, Charotar University of Science and Technology (CHARUSAT)
8	Dr. MukeshMohania Dean, Innovation Research and Development Professor, CSE department, Indraprastha Institute of Technology - Delhi

The aim of this FDP is to explain the use of Block chain technology and making attendees aware about development of various applications using it. The FDP was conducted through Google meet & YouTube Live streaming as an online platform. As these topics are the demand for today's industry and society, there is a need to explore the research opportunities in the field of automation. This FDP will provide a unique platform for enhancing the knowledge of the faculty members and students who are doing research or planning to do research in the mentioned area.

DAY - 1: (14th December, 2020)

Inaugural Ceremony was on 14th December, 2020 at 10:00AM.

Inauguration commenced with Welcome Note by **Prof. Dipti Mathpal**. She warmly welcomed the dignitaries and participants. Then blessings of God were taken by playing Saraswati vandana by **Prof. Nirali Pandya**.

Prof. Sunit Parmar gave brief introduction about the Faculty Development Programme.

Prof. Dr. Archana Nanoty, congratulated computer department for conduction of this FDP as well as shared the importance of block chain in this digital era and also congratulated entire organizing team of FDP.

The FDP was inaugurated by august presence of eminent speakers and guests **Dr. C. S. Verma** (Regional officer and Assistant Director, CRO, Bhopal), Hon'ble Chairman CVM and President CVM University - **Er. Shri. Bhikhubhai Patel** and **Prof. (Dr.) Archana Nanoty** (Principal, MBIT).

Dr. C. S. Verma (Regional officer and Assistant Director, CRO, Bhopal) gave brief information about block chain technology and also enlightened everyone regarding current technologies useful for overall development of students, faculties and nation.

The Honorable Chairman of CVM and Chief Patron of this FDP, **Er. Shri. Bhikhubhai Patel** sir motivated participants with his blessings and encouraging words as a presidential remark.

At the end of the session, **Prof. Pooja Bhatt** had proposed vote of thanks towards sponsoring body, CVM University, Chief Patron, President and Head of the computer Department for their eminent support and guidance. She also thanked all the participants of FDP and committee members of FDP.

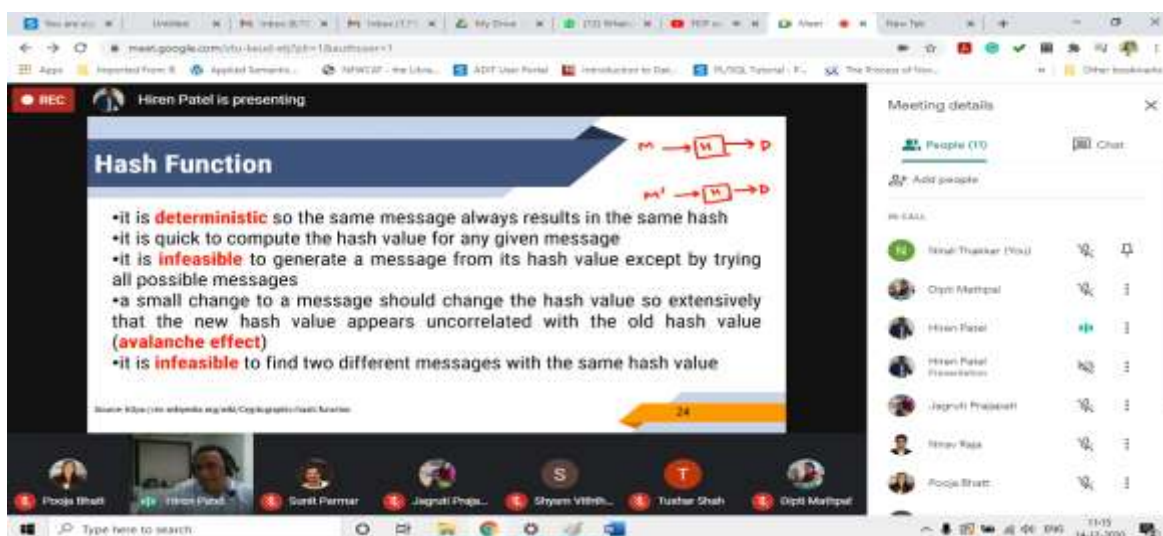

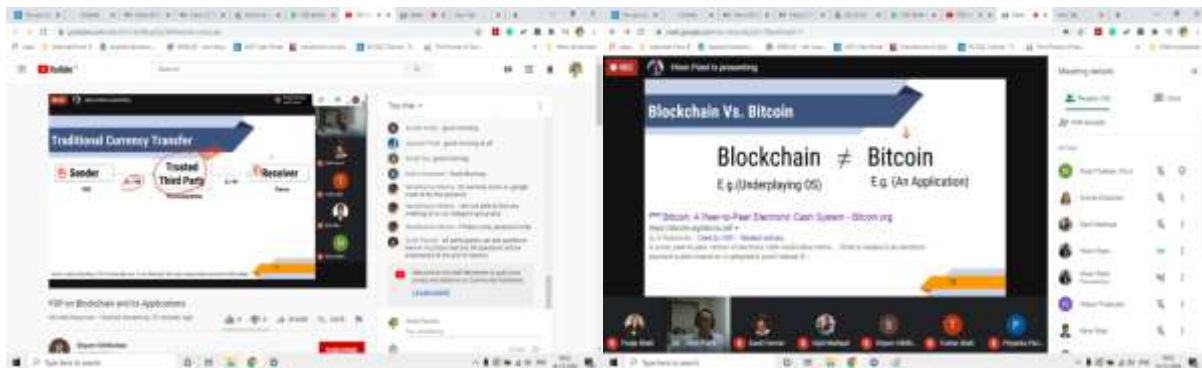

DAY - 1: Session - 1 (14th December, 2020)

Dr. Hiren B. Patel (Principal, Vidya Somany Institute of Technology and Research, Kadi) conducted a session on 14th December, 2020 during 10:30 AM to 12:00 PM. He delivered a talk on **Introduction of Block chain**.

He nicely explained the introduction of block chain as a distributed software network that functions both as a digital ledger and a mechanism enabling the secure transfer of assets without an intermediary. He also focused on the internet as a technology that facilitates the digital flow of information; block chain is a technology that facilitates the digital exchange of units of value. Anything from currencies to land titles to votes can be tokenized, stored, and exchanged on a block chain network.

He had included the first manifestation of block chain technology, which emerged in 2009 with the Bitcoin block chain, a secure, censorship-resistant, peer-to-peer electronic cash system. Because Bitcoin is accessible to anyone, it is an example of an open, or permissionless block chain.

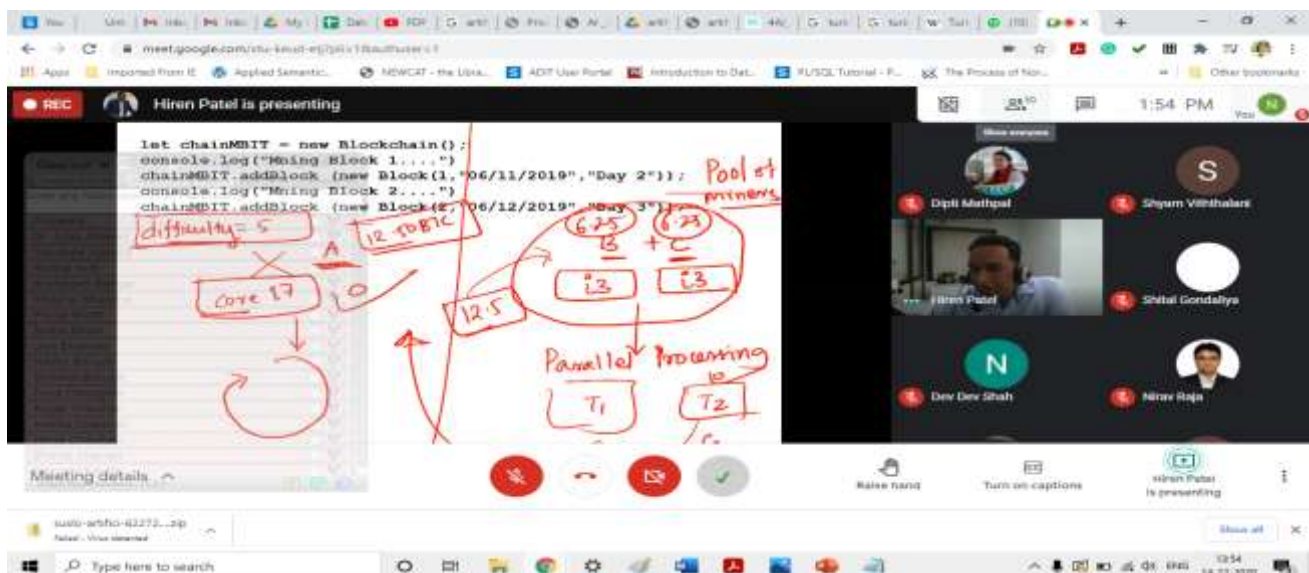

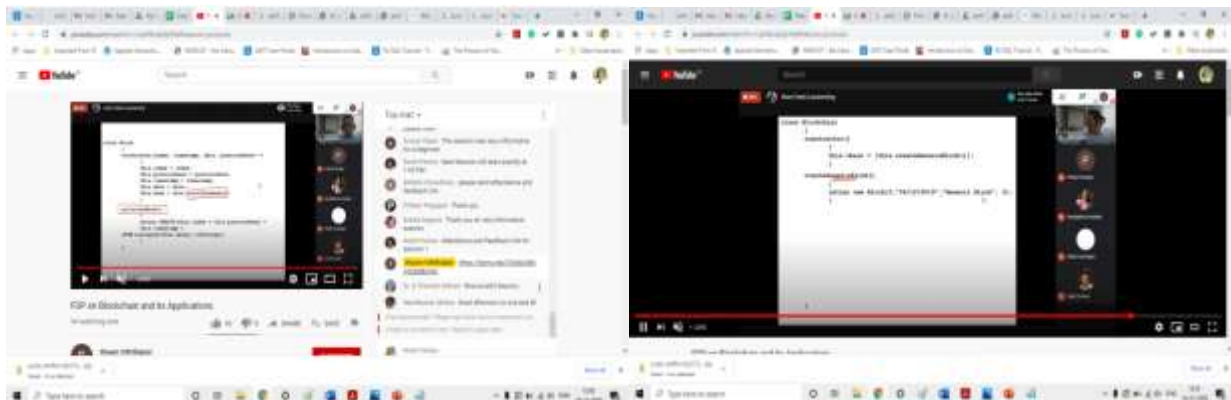

DAY - 1: Session - 2 (14th December, 2020)

Dr. Hiren B. Patel, Principal, Vidush Somany Institute of Technology and Research, Kadi conducted session on 14th December 2020 during 1:00 PM to 02:30 PM. He delivered a talk on **Overview of Block chain Implementation.**

Block chains are proposed for many application domains apart from financial transactions. While there are generic block chains that can be molded for specific use cases, they often lack a lightweight and easy-to-customize implementation. In this talk expert introduced the core concepts of block chain technology and investigate a real-world use case from the energy domain, where customers trade portions of their photovoltaic power plant via a block chain. This does not only involve block chain technology, but also requires user interaction.

Expert continued in the second session with Ethereum, Hyperledger, IOTA, EOS, Multichain, Bigchain, Corda, Openchain, SOLIDITY. He has conveyed very good knowledge with all above fundamentals including Bit coin.

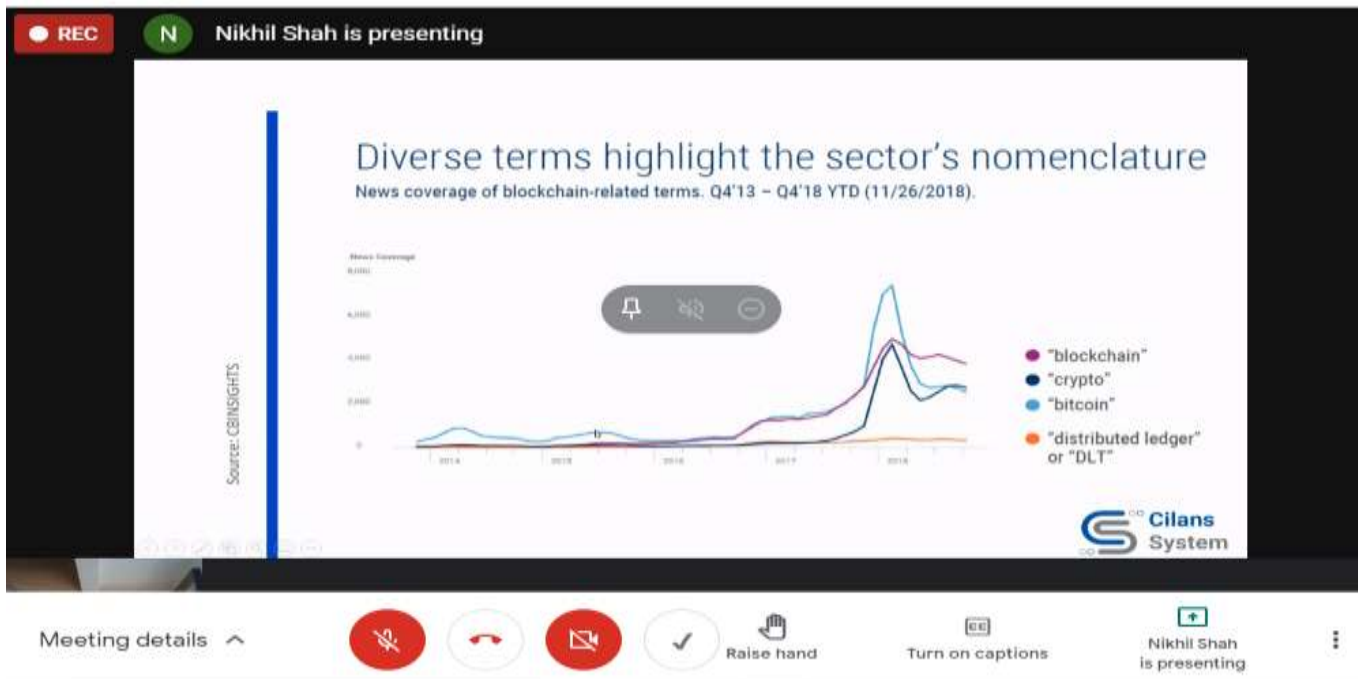

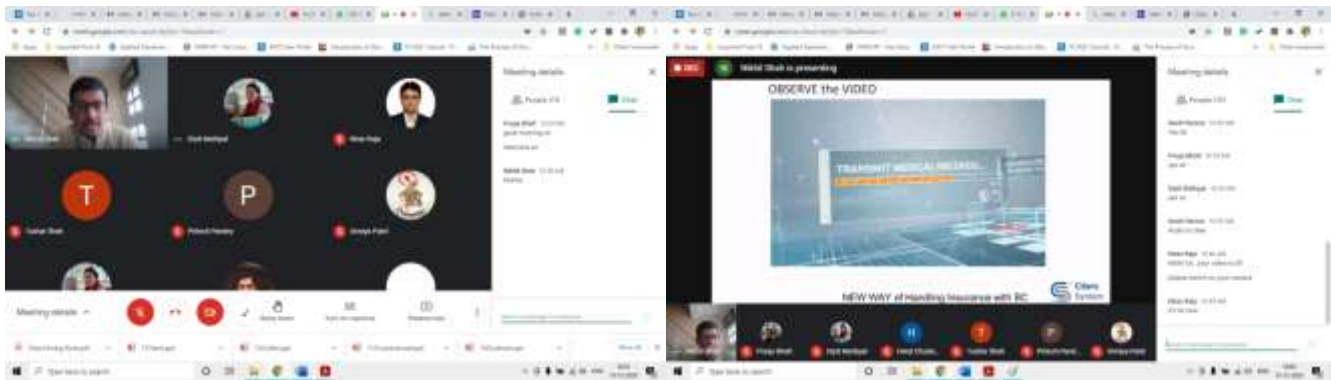

DAY - 2: Session - 1 (15th December, 2020)

Mr. Nikhil Shah (Director, Cilans Systems & Advisor, Vnurture Techno., Ahmedabad) conducted session on 15th December, 2020 during 10:30 AM to 12:00 PM. He delivered a talk on **Architecture and types of block chain technology.**

On day 2, in the first session Mr. Nikhil Shah provided knowledge of different architectural styles of block chain like Transaction, Block, P2P Network and consensus. He has delivered a depth for all the architectural style.

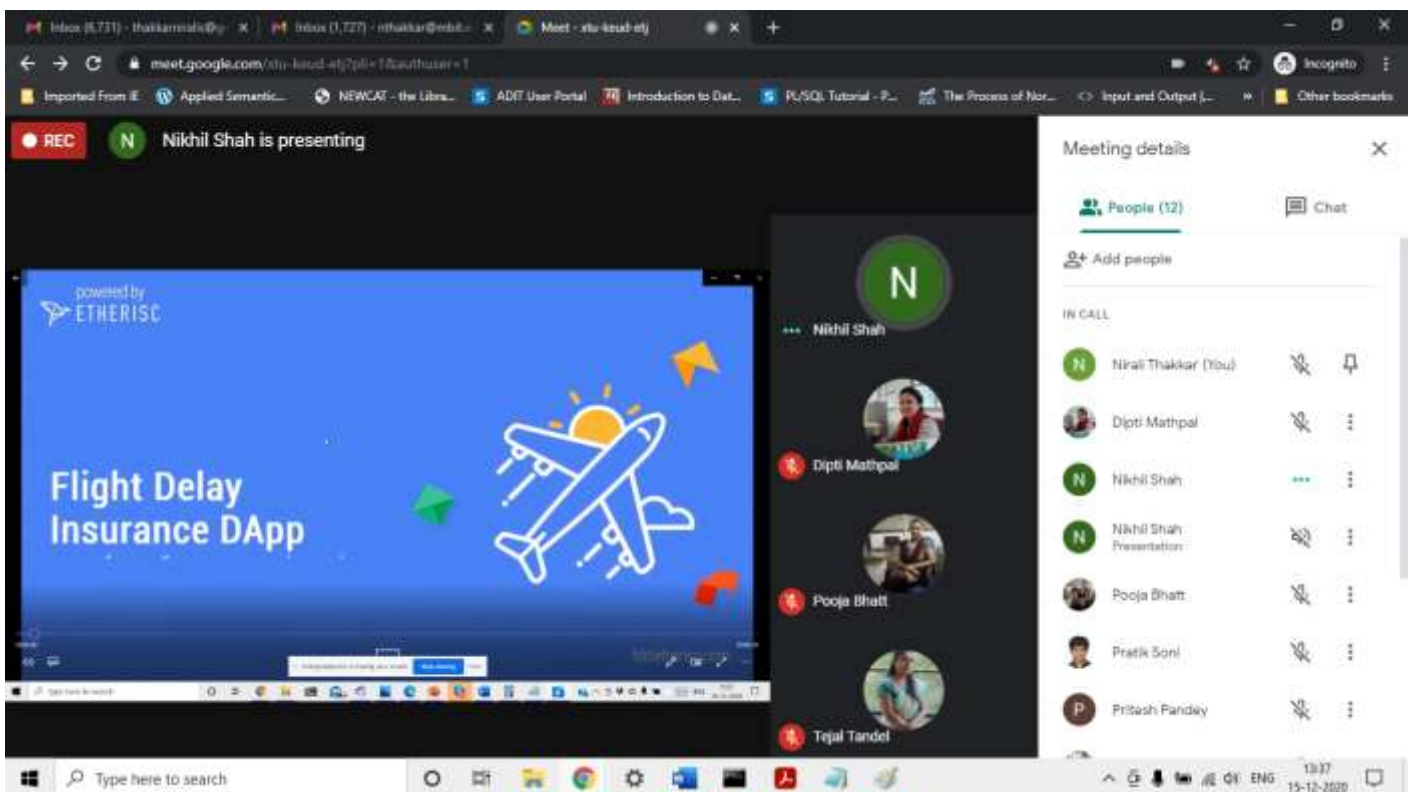

DAY - 2: Session - 2 (15th December, 2020)

Mr. Nikhil Shah (Director, Cilans Systems & Advisor, Vnurture Techno., Ahmedabad) conducted session on 15th December, 2020 during 01:00 AM to 2:30 PM.

He delivered a talk on **Blockchain Platforms: Ethereum, Hyperledger, IOTA, EOS, Multichain, Bigchain, Corda, Openchain, Solidity**

He had also covered Proof-of-Work (POW), Proof of Stake (POS) and Simplified Byzantine Fault Tolerance (SBFT) in the second session on the same day. Expert continued with Ethereum, Hyperledger, IOTA, EOS, Multichain, Bigchain, Corda, Openchain, Solidity as Blockchain platforms.

Finally he has also satisfied all the participants with their questionnaires.

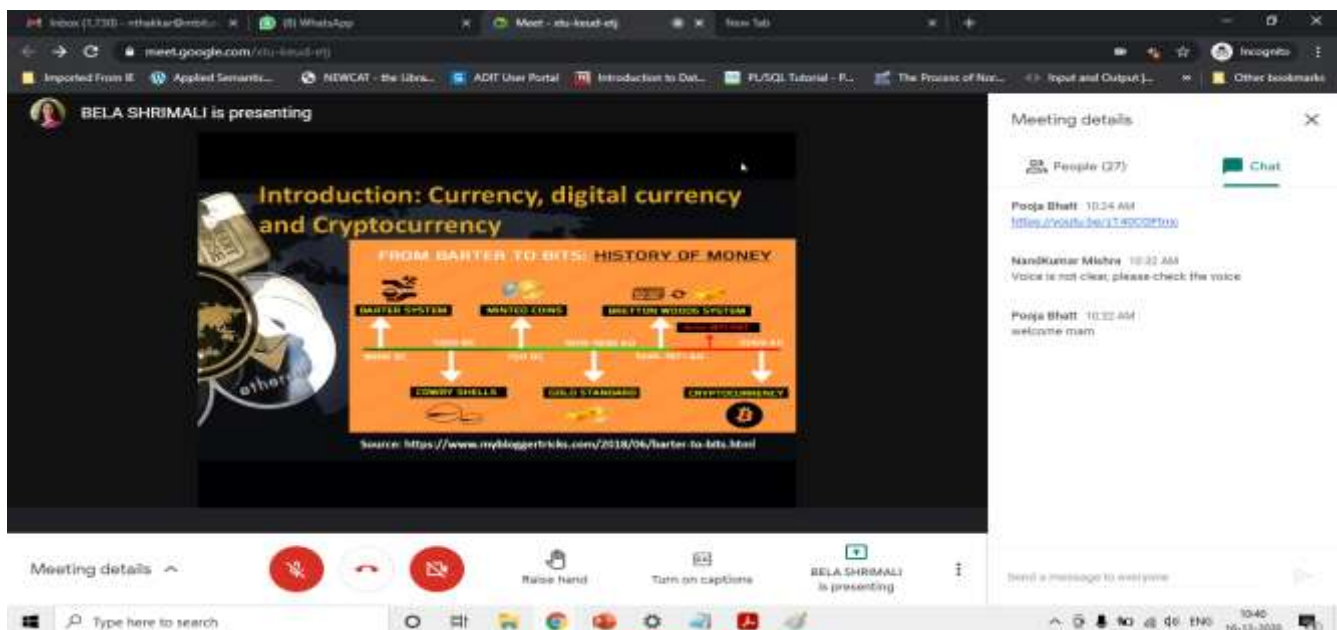

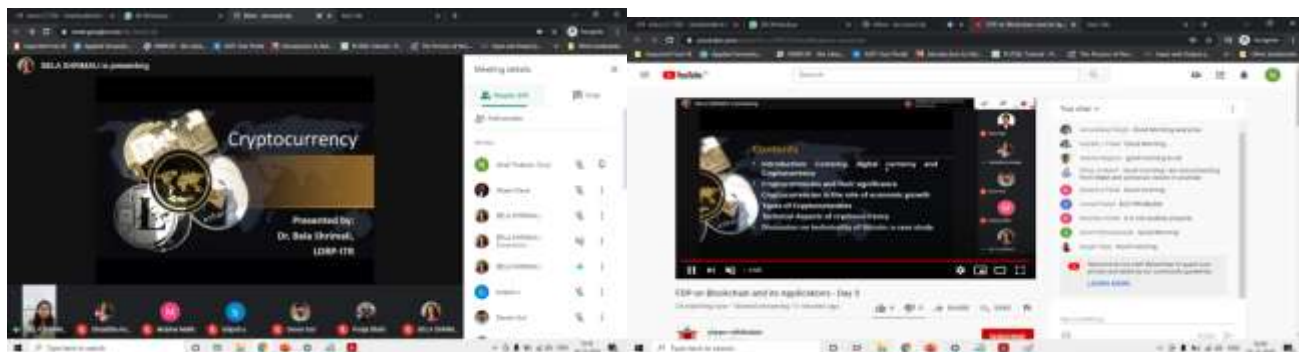

DAY - 3: Session - 1 (16th December, 2020)

Dr. BelaShrimali (Assistant Professor, LDRP-ITR, Gandhinagar) conducted session on 16th December, 2020 during 10:30 AM to 12:00 PM. He delivered a talk on: **Currency, Digital-currency, Crypto-Currency and Road Ahead**

On day 3 in first session, Dr. BelaShrimali delivered her knowledge with High-tech enables payment evolution and global competition. The ambiguities surrounding of the digital currency still leave enough space for the analysis of its unreserved acceptance, trust and anticipation, which are the main driver for the spread of the network. Banks should carefully consider the technology underlying these cryptocurrencies as a potential generic new way of transferring ownership of the value over the long term.

Expert has transformed her knowledge on cryptocurrencies in the application of block chain nicely.

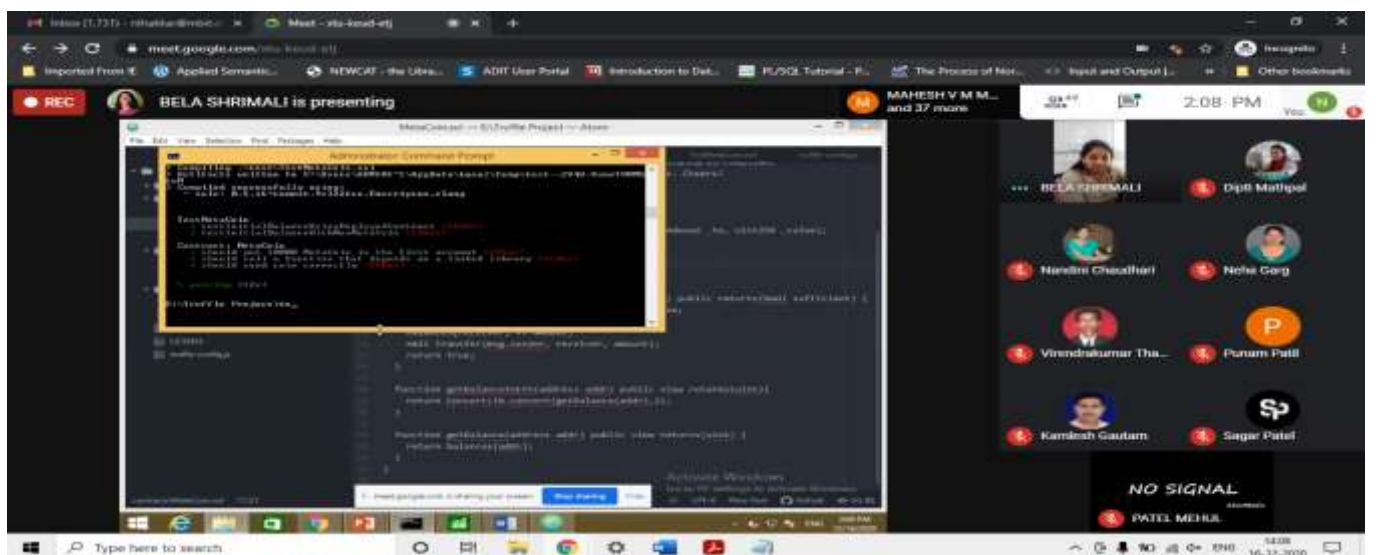

DAY - 3: Session - 2 (16th December, 2020)

Dr. BelaShrimali (Assistant Professor, LDRP-ITR, Gandhiagar) conducted session on 16th December, 2020 during 01:00 AM to 2:30 PM. He delivered a talk on: **Hands-on session on the creation of the smart contract, smart contract with front end application with truffle**

She also explained Smart contracts is a term used to describe computer code that automatically executes all or parts of an agreement and is stored on a blockchain-based platform. The code can either be the sole manifestation of the agreement between the parties or might complement a traditional text-based contract and execute certain provisions, such as transferring funds from Party A to Party B.

She has put her tremendous effort via hands on session to create smart contract with truffle to all participants in the second session on day 3

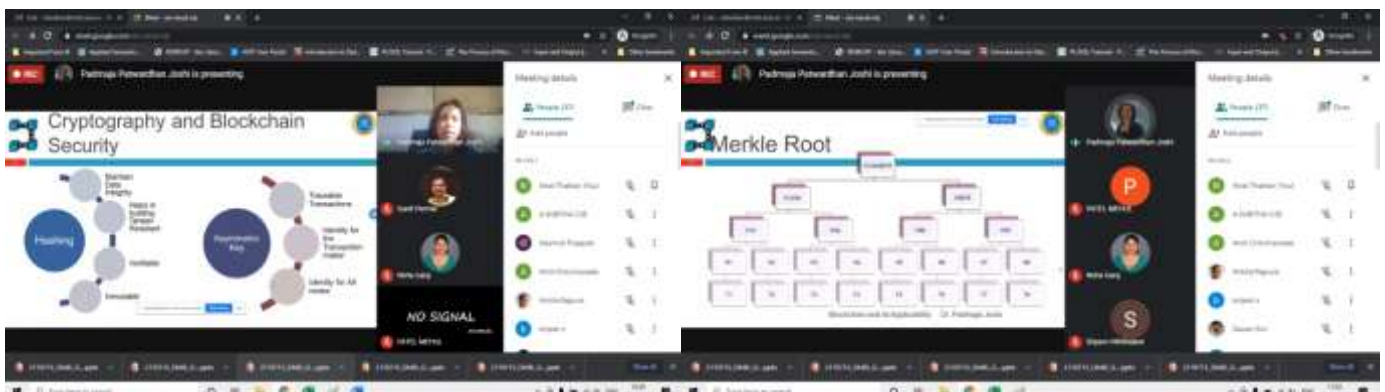

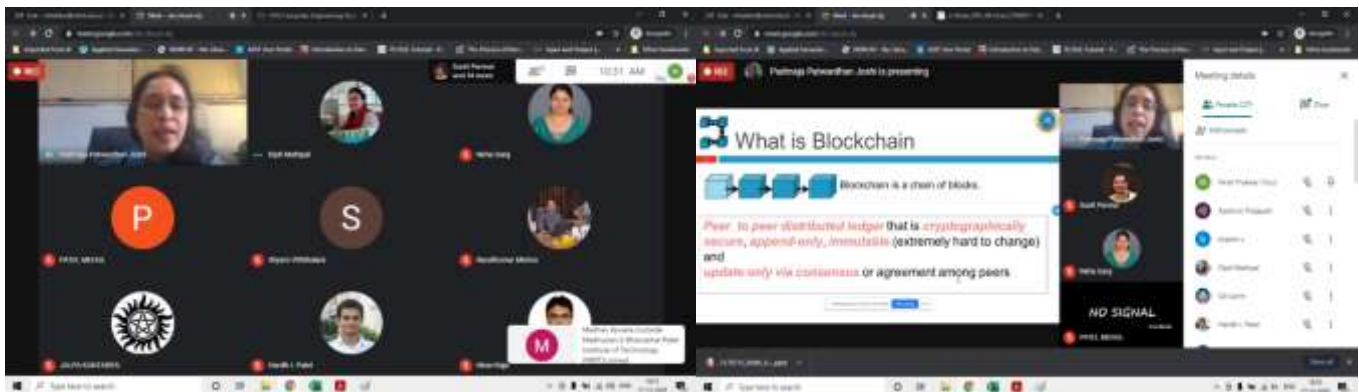

DAY - 4: Session - 1 (17th December, 2020)

Dr. Padmaja Joshi (Senior Director, C-DAC, Mumbai) conducted session on 17th December, 2020 during 10:30 AM to 12:00 PM. He delivered a talk on: **Security & Privacy concern in Block chain**

On day 4, in first session Dr. Padmaja Joshi explore Blockchain is a technology that is developed using a combination of various techniques such as mathematics, algorithms, cryptography and economic models. Blockchain is a public ledger of all crypto currency transactions that are digitized and decentralized. She also covered transactions of cryptocurrencies are stored in chronological order to help users in tracking the transactions without maintaining any central record of the transactions.

She also put her knowledge on systematic illustration on the security threats to blockchain and survey the corresponding real attacks by examining popular blockchain systems. She discussed the security and the privacy of blockchain along with their impact with regards to different trends and applications.

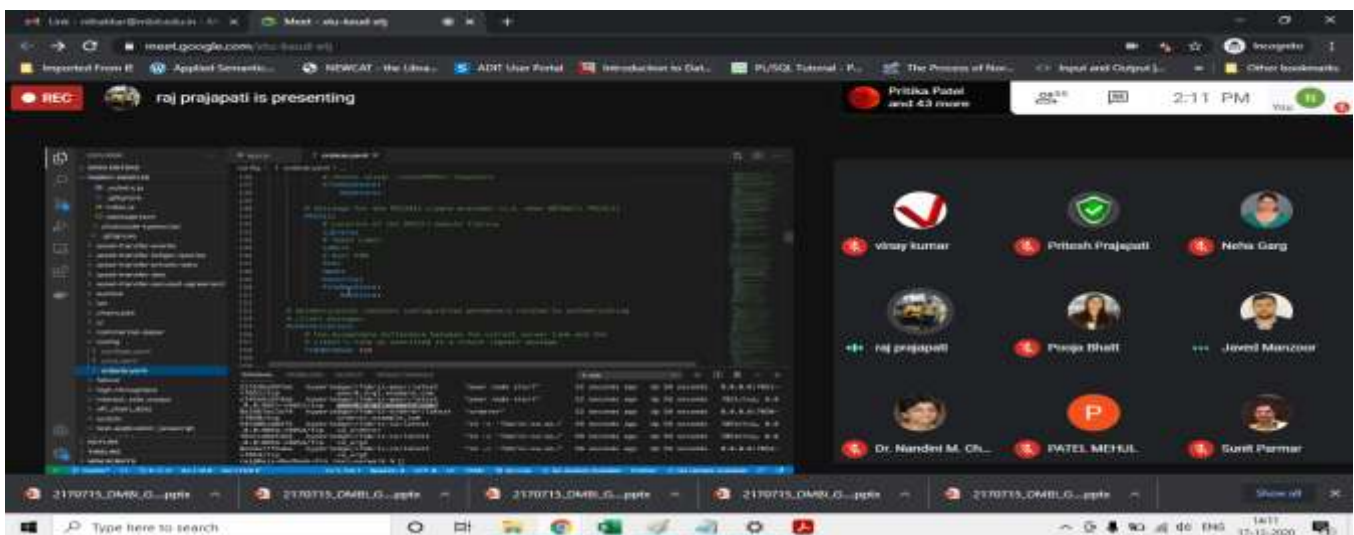

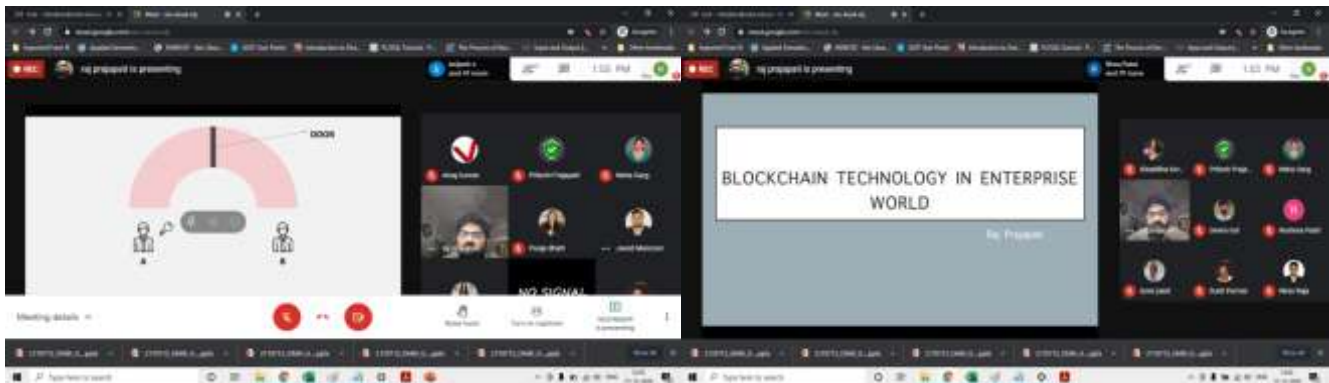

DAY - 4: Session - 2 (17th December, 2020)

Mr. Raj Prajapati (Blockchain Developer, AKcessPvt Ltd, Vadodara) conducted session on 17th December, 2020 during 01:00 AM to 2:30 PM. He delivered a talk on: **Hyperledger Fabric**

In the second session of the same day Mr. Raj Prajapati covered Hyperledger Fabric. And he has informed it is intended as a foundation for developing applications or solutions with a modular architecture. Hyperledger Fabric allows components, such as consensus and membership services, to be plug-and-play. Its modular and versatile design satisfies a broad range of industry use cases. It offers a unique approach to consensus that enables performance at scale while preserving privacy.

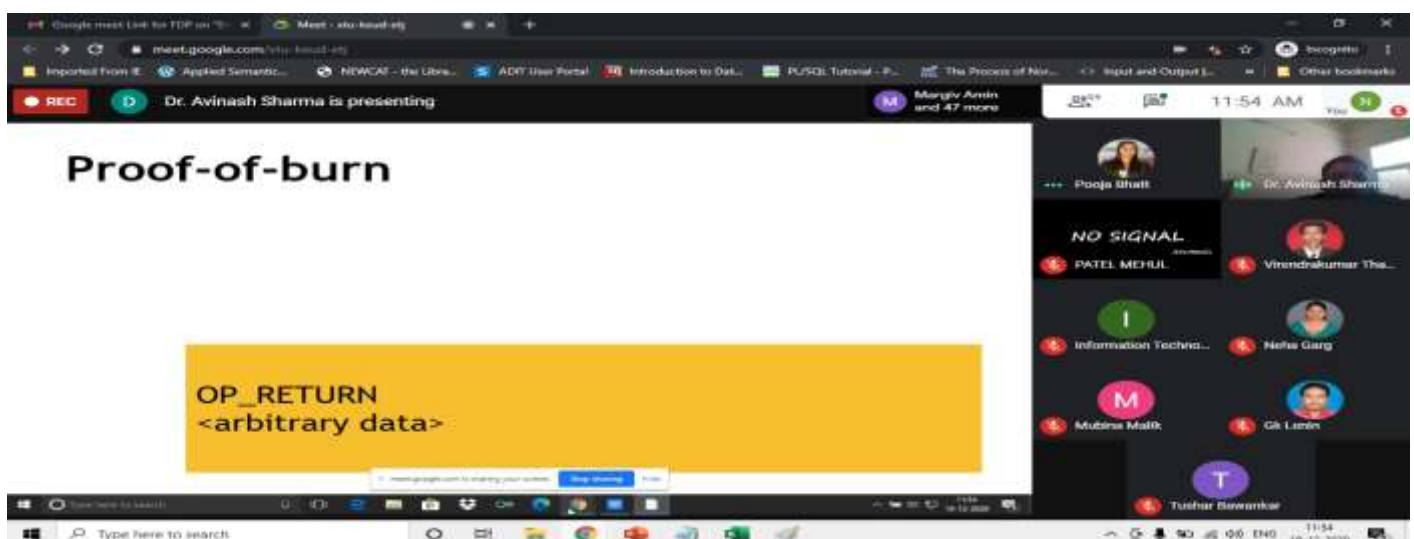

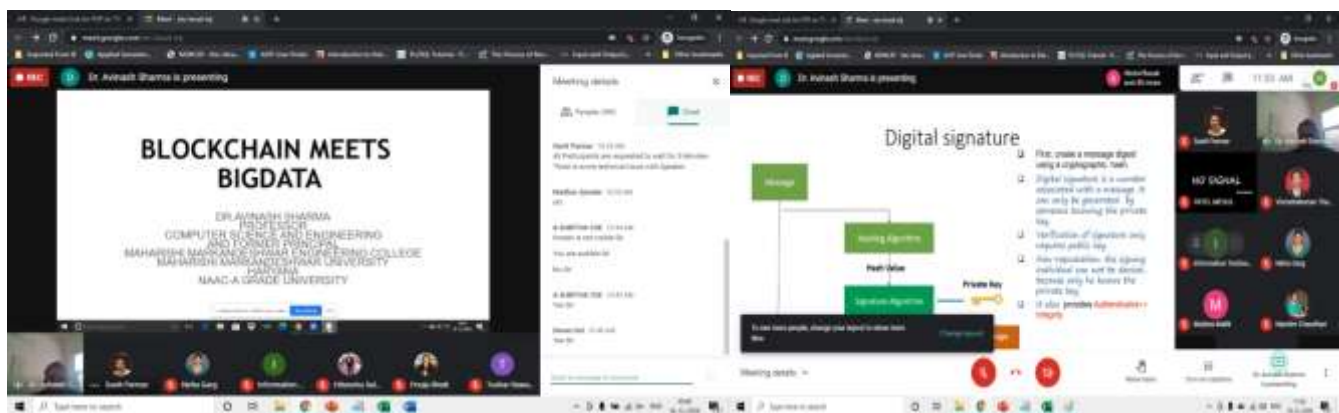

DAY - 5: Session - 1 (18th December, 2020)

Dr. Avinash Sharma (Professor & Former Principal, Maharishi Markandeshwar Engineering College, Mullana, Ambala (Haryana)) conducted session on 18th December, 2020 during 10:30 AM to 12:00 PM. He delivered a talk on: **Blockchain meets Big Data**

On day 5, in first session Dr. Avinash Sharma delivered that Blockchain is a peer-to-peer distributed storage that stores chronological series of transactions in a tamper-resistant manner. Blockchain became popular in various industries due to its decentralized trust ecosystem. When integrating blockchain with big data, one encounters many challenges. Current public blockchain does not support high transaction throughput; it does not scale in terms of big data storage and management; it does not provide keyword-based search and retrieval. He concluded as a result, it is hard to incorporate existing blockchain systems for big data applications.

On the same day in session 2 Prof. Martin Parmar talked about Ethereum Network. He expressed Ethereum is a decentralized, open source, and distributed computing platform that enables the creation of smart contracts and decentralized applications, also known as dapps.

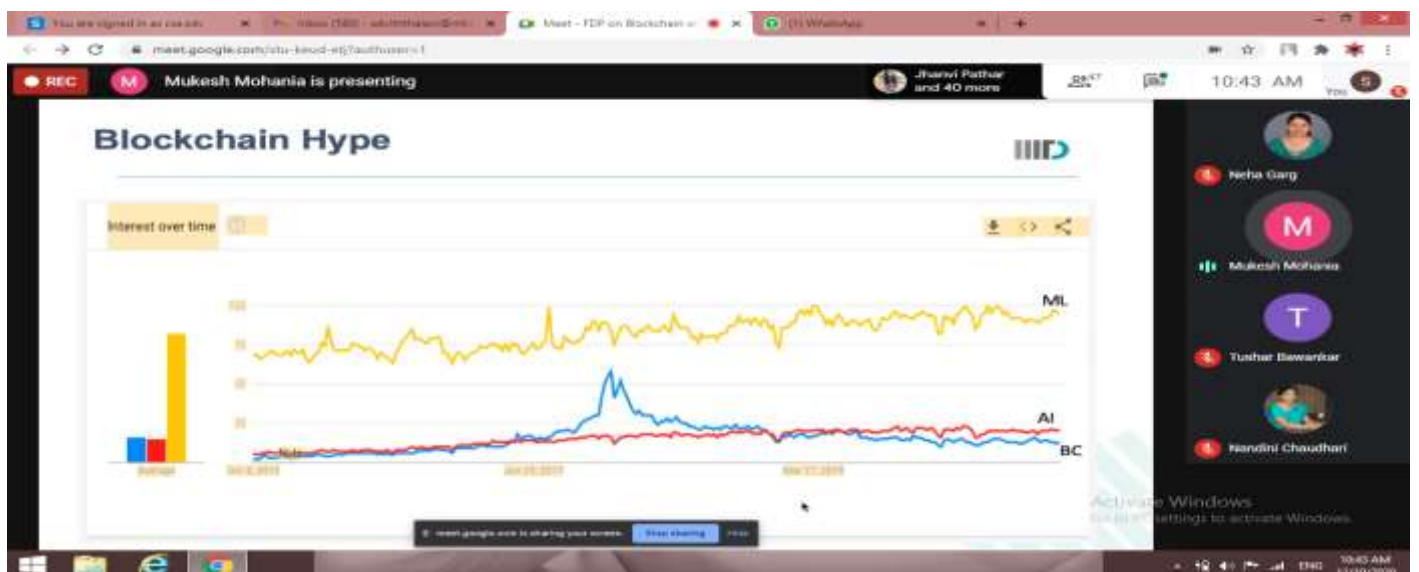

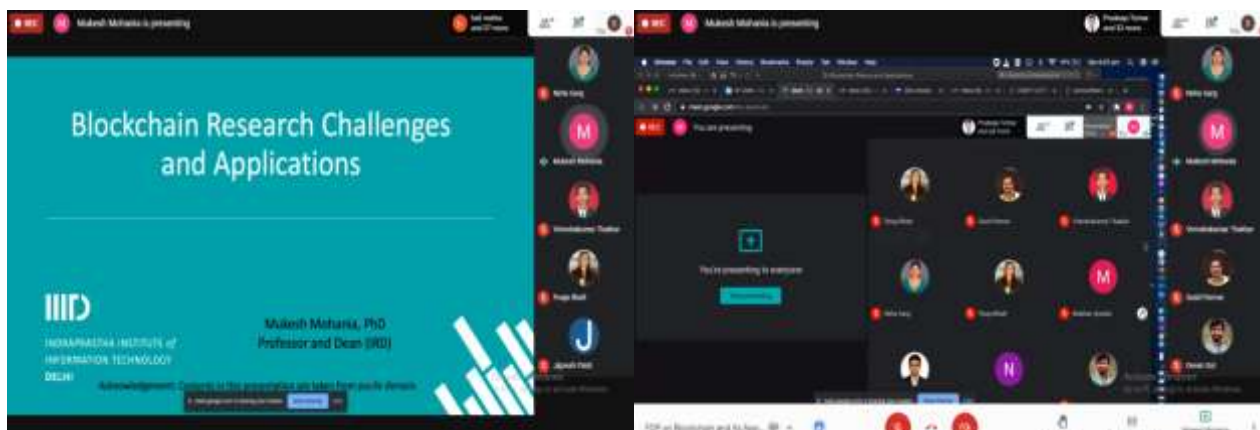

DAY - 6: Session - 1 (19th December, 2020)

Dr. Mukesh Mohania (Dean, Innovation Research and Development & Professor, CSE Dept., Indraprastha Institute of Information Technology, Delhi) conducted session on 19th December, 2020 during 10:30 AM to 12:00 PM. He delivered a talk on **Applications and Key challenges in Block chain**.

On day 6, in first session Dr. Mukesh Mohania expresses his talked with Blockchain technology has the potential to make transactions more secure and transparent and stakeholders more accountable. There are, however, a slew of challenges that need to be addressed before large-scale adoption of Blockchain is possible. He focused security issued in the development of blockchain and how to overcome from it.

He covered Scalability, Energy consumption, Lack of standardization, Association with Cybercrime, Privacy and Regulatory oversight as major security factors. He ended his session with Blockchain has been considered as the technology of the future.

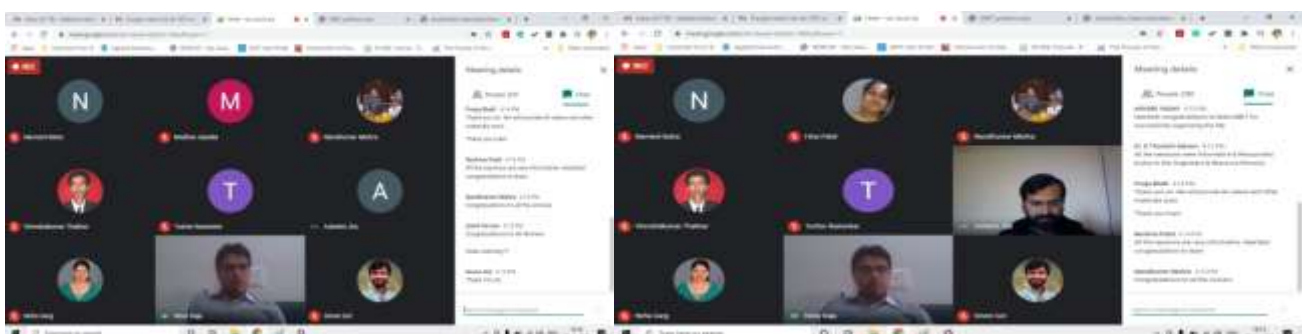

Total No of Participants: 156

Quiz: The Quiz was taken of 20 marks during 3:00 PM to 3:30 PM based on topics delivered during the all sessions of the FDP.

DAY - 6: Valedictory Function & Feedback (19th December, 2020 4:00pm to 4:15pm)

Valedictory Function Organized on 19th December 2020 at 4.00pm. Function was commenced by **Prof. Ashwini Jha**. Vote of thank was proposed by Head of the Computer Department **Prof. Nirav Raja**. Best Three Performers based on quiz and active involvement of participation during entire FDP were announced during valedictory function. The name of performers' are **Dr. Rajeev Pandey** UIT-RGPV Bhopal (M.P), **Prof. Madhav M. Ajwalia** IT, CSPIT, CHARUSAT, **Prof. Deven Gol**, GCET.

Feedback

- Keep doing such type of excellent events. Waiting for an announcement of next event.
- **Ankita Soni**
- All the sessions are so useful and wonderful. All the topics were explained so well. All the experts are very knowledgeable. Especially thanks to the management team of this FDP, again thanks to MBIT. Thank you.
- **Hardik I. Patel**
- All sessions are knowledgeable. All sessions are related to the topic and covered major area of block chain. Thankyou.
- **Kamlesh Gautam**
- Thank you MBIT whole team for conducting such a knowledge gathering FDP.
- **Krishna Patel**
- It's very nicely coordinated FDP. Instructions are clear and precise and coming right on time. No interruption at all even though it was organized on online platform.
- **Nand Kumar Mishra**

Organizing Team : We are thankful our principal and CVM for providing such opportunity to provide us a platform to conduct such FDP for the students & Faculties and gain knowledge in such a pandemic situation. We are also grateful to GUJCOST for providing financial support for this FDP.
