India has more than 14000 Industrial Training Institutes that have a capacity to train millions of students with career skills. The AICTE taken an initiative to linkup the Industry with cadmic institute to fill the gap between industry and academia, and MBIT institute said that the college is committed to provide state of the art technologies and facilities to the students in collaboration with industries to make them better and employable engineers. Hence, the MoU will provide industrial exposure to the students and faculty of the college for guiding and enhancing them to upgrade to the new technologies, so as to develop products with the support and guidance from the company.

The MoU is intended to recognize the general basis for a cooperative and a collaborative working relationship between the MBIT and Edunet Foundation. The Edunet Foundation is an implementing body of CSR activity of SAP, L & T and Amul. The purpose of MoU is to have mutual intentions to jointly work on Interaction with industry experts and projects required for industries and research needs, with learned students of good industrial experience and promising students, jointly agree to exchange their expertise for mutual benefit and growth, on the areas like, Placement of Trained Students, Mini Projects and Main Project Work, Faculty Development Programs, Research & Skill Development Programs, Problem Solving, Studies & Survey, Establishing Advanced Labs, In-plant Training & special Technical Training to make the students industry-ready. The MBIT and Edunet Foundation are united by common interests and objectives, and they shall establish channels of communication and co-operation that will promote and advance their respective operations within the Institution and its related wings.

The MoU was signed by Dr. Himanshu Soni, I/C Principal, MBIT and Mr. Neeraj Bagga, Trustee, Edunet Foundation.

The Validity of the MOU is till 31st March 2025. It can be extended by further periods, as agreed to by both the Parties from time to time.

About Edunet Foundation:

Edunet Foundation (EF) was founded in 2015 to create educational networks that promote employability and entrepreneurship. The organization has enjoyed Special Consultative Status with the Economic and Social Council (ECOSOC) of the United Nations since 2020. With a national footprint, EF's programs, online and instructor-led, benefit tens of thousands of learners every year. Edunet Foundation, with its corporate sponsors, manages a national train-the-trainer program for this ecosystem in India. EF staffs are present at NSTI locations nationally and work with all stakeholders to develop teaching capacity in new areas. Since 2018, this program has focused on creating young professional that have the required future skills for 21st-century jobs. Participants are equipped with critical thinking, problem-solving, communication, teamwork, leadership, and time management skills in addition to technical skills. Elements of this program are integrated into all classroom programs offered by Edunet Foundation. Edunet is a non-profit organization with multiple programs, sponsored by government and corporate entities that are offered free to learners across the education spectrum including but not limited to the Code Unnati program.

Edunet Foundation will Establish Centre of Excellence (COE) within the campus of the Institution, Edunet will conduct orientation sessions for learners and educators, at a mutually agreed schedule, to onboard them onto the program(s), Edunet will share all program materials with the institution and/or learners as required. All sharing will be online and/or through electronic media. Edunet will take webinars or mentoring workshops or technology bootcamps or innovation marathons or career readiness workshops that will seek to assist learners in their career goals. Edunet will bring industry experts to the Institution to drive engagements with students through seminars/webinars or project mentorship. Edunet will conduct assessments, as required, for its programs prior to certification by Edunet and/or its partners and sponsors. Edunet will provide linkages with local and regional industry, government and the local start-up ecosystem (incubators etc) that will help learners with gainful employment and/or entrepreneurial opportunities. Edunet will not charge any fees from the students/institution for the program.

The vision of this collaboration is to address the career skill gap among student community and also to help them gain a head start in their career through the use of a range of courses provided by Edunet Foundation. The intent is to ensure that the students who cross the academic and aptitude gates do not lose out due to gaps in foundational and soft skills as required by the industry.
