Workshop

Understanding Reptiles from Human Perspective

13th September 2022 (Tuesday)

On 13th September 2022, a workshop was organized by MBIT engineering college in collaboration with Vidyanagar Nature Club to create awareness among the students about snakes.

In this program Mr. Mehulbhai Patel and Nikhilbhai Parekh informed the students about the different types and characteristics of snakes. They also gave information about poisonous and non-poisonous snakes and how to give first aid in case of snake bite and what kind of precautions should be taken so that the snake bitten person can be saved in time. He gave a detailed understanding of it. He made the students aware of the different species of snakes found in India and abroad. He further mentioned that not all types of snakes are dangerous so requested to stop unnecessary snake killing.
