MBIT Chronicles (Bi-Annual Newsletter)
July - 2022 | Volume - 3 | Issue - 2

CHAIRMAN'S DESK

Greetings and Warm Welcome !!

I am pleased to know that MBIT has come up with the sixth issue (Volume 3, issue 2) of the Bi-annual newsletter "MBIT chronicles". The main focus of this newsletter is to keep the students updated about the happenings on the campus and to keep the students motivated to participate in further events. The goal of education is the overall development of the students to prepare them to face the challenges of life, and the students of MBIT live up to those expectations wholeheartedly. I congratulate the institution for its constant aspiring efforts.

With best wishes,
Er. Bhikhubhai B. Patel
President, CVM University
Chairman, Charutar Vidya Mandal

PRINCIPAL'S DESK

Greetings !!

I am overjoyed to announce the new volume of "MBIT chronicles" which accurately portrays the rich academic and cultural events held on our campus. It gives students a strike of energy to engage in more campus activities in the future. I am proud of the effort the students of MBIT put into their academic and cultural standings.

I congratulate the editorial team for new issue of Mbit Chronicles .

With best wishes,
Dr. Himanshu B. Soni
Principal, MBIT

ALUMNI PROFILE

Ruchi Foujdar

Ruchi graduated in Information technology from MBIT in 2015. During her engineering years, she took an internship which helped her to work on her final year project and also had a huge impact on her first job. After graduation, she worked for a startup based in Bangalore Envibyte Technologies. She has almost 6.2 years of experience in Android Development. She feels overwhelmed to be a part of MBIT which provided her wings to fulfill her dreams and the opportunity to select what's best for her career. She advises all students never to give up and chase the best. She would also like to recommend that students choose their final year project wisely as it would help them get their first job.

Senior Engineer
Samsung, UK

Khushi Motiyani

Chief Operating Officer
VasyERP, India

Khushi graduated from MBIT in 2014. She started working with her husband as a co-founder of VasyERP which is a cloud-based ERP platform in Ahmedabad. The company is a bootstrapped startup founded in 2016. Last year, the company was acquired by Reliance industries and raised 8.4 million dollars. She has work experience of 7 years. She says, "From the beginning, I was always an average student. In my final year, my friends started searching for internships, and a few of them were placed in reputed companies. I almost lost confidence as I had no clear vision in life. I was even scared of giving interviews. But when I started, I was unstoppable and that has made me realize that your skills and your talents are always yours. Practical knowledge and a clear goal are important. You should always give yourself a chance."

Foram Javia

Foram completed her bachelor's degree in May 2015 from MBIT. In her final year, she got placed in IBM during campus placement. She started as an ETL developer where she got to explore ETL tools like DataStage & informatics. Her first project was client-facing where she worked directly with the client. She completed her master's in information technology from Northeastern University. She works on building data pipelines, maintaining data quality & building the end-to-end features of different access point products. She received an appreciation letter from her manager for taking ownership of the stakeholder's request in the first quarter of joining Amazon. She has 4.5 years of work experience. Her advice to all the forthcoming students is to focus on what they are interested in & build connections that will cherish forever.
