A Report on Water Pots for Birds During Summer in College Campus

About the event:

The NSS Unit of MBIT organized an event to place water pots across the campus to provide relief to birds during the extreme summer heat. This initiative aimed to promote environmental awareness and compassion towards wildlife among the students. With rising temperatures, it is often difficult for birds and small animals, especially sparrows, to find water. Earthen pots were placed in shaded areas to ensure easy access to water for birds throughout the summer.

The details of the event are as follows:

Date: 05/05/2025

Time: 12:15 pm onwards

Venue: MBIT college campus

Objective:

To provide water for birds during the hot summer months and to encourage environmental sensitivity and social responsibility among students.

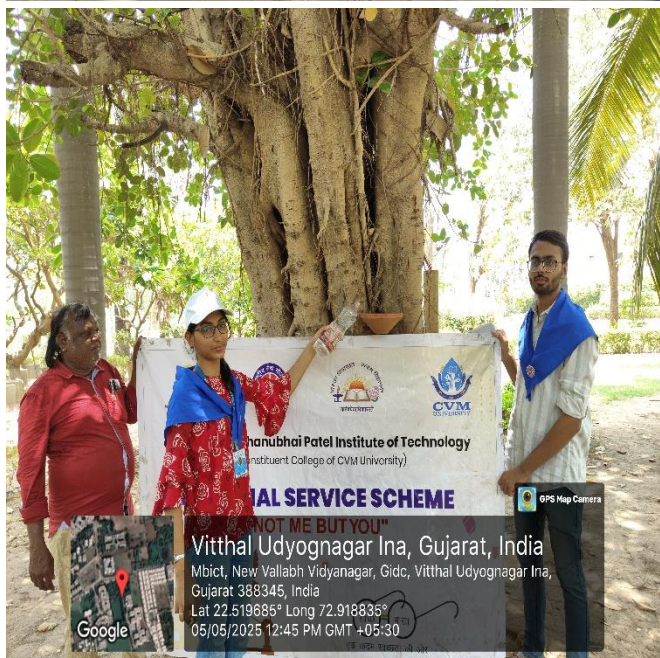

Participation (Attendance sheet): Attached herewith

NSS Program Officer Ms. Khusbu Patel, faculties and some NSS volunteers actively participated in the event.
