

Madhuben & Bhanubhai Patel Institute of Technology (MBIT)
(The CVM University)

**Practical Expert Session on
Cyber Security in Action: A Practical Workshop**

DATE: 28th October, 2026

Time: 10:00 AM to 12:00 PM

Institute: Madhuben & Bhanubhai Patel Institute of Technology
(MBIT)

Venue: Classroom D213

Speaker: Mr. Sneh Vyas, Assistant Professor, CE Department, MBIT

Coordinator: Mr. Nitin Patel

Convener: Dr. Kalpesh Jadav, HoD-IT, MBIT

Objective:

- To provide practical exposure to Cyber Security students of the IT Department

Outcome/Benefit:

- Students got knowledge about cyber security, Cyber threats and cyber crimes
- Students gain practical knowledge and exposure of different cyber security tools which are used by cyber security experts in real industries.
- Students were benefited with practical Cyber Security concepts, hands-on demonstrations of security tools, real-world cybersecurity scenarios and useful techniques for implementing Cyber Security practically.

Mode of Conduct:

- Off-line (Practical Demonstration)

The poster features a blue and white color scheme with a background image of a laptop displaying a shield icon and a stack of books titled 'Network Security', 'Ethical Hacking', 'Digital Forensics', and 'Cyber Law'. The text is arranged in a clean, modern layout with various icons and a circular portrait of the expert.

Report On

Cyber Security in Action: A Practical Workshop

Objective:

To show practical implementation of different cyber security tools for different attacks and mitigation.

The Information Technology department of Madhuben & Bhanubhai Patel Institute of Technology (MBIT) successfully organized a Practical Expert Session, "Cyber Security in Action: A Practical Workshop" on October 28, 2026. The event aimed to provide practical demonstration of different attacks and the mitigation.

The Expert for the event was Mr. Sneh Vyas, who is working as an assistant Professor in CE Department, MBIT. He has a good expertise on cyber security practicals and different VA-PT tools. He demonstrates the practicals of cyber security which includes MiTM, DOS attacks etc... He also provides the knowledge about how we can be aware and be secure by cyber criminals.

The session was highly interactive, with students engaging in discussions about practical implementation of cyber-attacks. Attendees gained good practical knowledge and exposure about different cyber security tools.

Conclusion:

The Expert session concluded with a Q&A session where students clarified their doubts about Cyber Security practicals. The event was practical based, so students took interest in using different tools. The event was well-received, and students appreciated the opportunity to learn from the expert.

The organizing team extends gratitude to all attendees and Mr. Sneh Vyas for making the session a grand success.
